EASTERN ASSOCIATION IAW

EASTERN ASSOCIATION FOR INTERCOLLEGIATE ATHLETICS FOR WOMEN

EAIAW REGION I SOFTBALL TOURNAMENT

FRIDAY/SATURDAY
MAY 11/12
HARMON FIELD
SALISBURY, MARYLAND

Dear Players, Coaches, Officials and Spectators:

On behalf of the Eastern Association for Intercollegiate Athletics for Women, I welcome you to this EAIAW Regional Championship. This championship is one of seventeen being hosted by member institutions and their staffs within our region this year. Through our network of post-season culminating and qualifying events, we will service the needs and interests of over two thousand highly skilled college women athletes. The EAIAW, developed and organized by hundreds of dedicated volunteer coaches and administrators, is proud of its many accomplishments in its short six-year history.

More than 225 institutions are members of EAIAW, the largest region of our national governing body. The Association for Intercollegiate Athletics for Women is the largest sports-governing body for collegiate sports in the United States. Much of the progress and success can be attributed to the type of leadership you see exhibited today in the sponsorship of this event.

On behalf of the Executive Board and the Sports Council, I congratulate each athlete and coach for the successes you have attained thus far, and wish each of you a rewarding, educational, athletic experience in your quest today for the title of Champion of the East. To have been able to reach this level of competition distinguishes you among the most highly skilled of the 70,000 female athletes participating in the programs of the AIAW member schools. It is our hope that you, as a representative of an EAIAW school, will foster the goals of our organization by striving towards excellence in performance while exhibiting exemplary sportsmanlike behavior.

I especially wish to thank the championship directors and their staff, the university/college officials, and the many students who have given of their time and expertise in order that young women may finally have the opportunities to develop their athletic potential denied so many, for so many generations.

Sincerely,

Eleanor R. Lemaire
President, EAIAW

Unbeaten Rutgers Tops Tourney Field

Rutgers University is the top seed in the EAIAW Region I softball championships being held at Harmon Field in Salisbury, Friday and Saturday, May 11-12.

The Scarlet Knights of Coach Judy Vogt bring a perfect 21-0 record into the tourney including a 18-0 regular season mark and three triumphs thus far in post-season play.

Senior mound stalwart Hallie Cohen has fashioned a 14-0 slate in 1979 for Rutgers with ample bat support from freshman Colleen McNamara (.410), junior Bridget Ellis (.358), junior Luanne Ferenci (.333) and sophomore Carol Daniele (.315).

Temple University (14-10) will miss the services of top hurler Sheree Davis who fractured an ankle prior to tourney play. Davis had recorded a 4-2 worksheet with a 0.65 ERA in regular season play. Freshman Terry Fitch (6-3) and sophomore Kim Gray (5-4) will handle the pitching chores for the Lady Owls. Centerfielder Betty Weighknecht hit a solid .506 on the season and was struck out by opposing pitchers only one time the entire season. Catcher Karen Samsel (.394) led Temple in RBI with 17 and also clouted a two-run homer to clinch a 4-3 victory over Connecticut to earn a spot in the regional finals. Leftfielder Faye Lawrence carries a respectable .300 batting average into the finals.

Montclair State has posted a 14-5 ledger to date with juniors Nancy Osley and Mary Jane Deutsch the top hitters. Senior Dawn Lacey is the Squaws' leading hurler.

Glassboro State is the cinderella team of the tournament following upset triumphs over Trenton State and Massachusetts in the satellite tournament at West Chester last week.

The Lady Profs, after a 8-6 regular season finish, breezed through the satellite affair with three victories to boost their overall slate to 11-6.

Salisbury State College

Thanks

WICOMICO COUNTY RECREATION AND PARKS DEPARTMENT

for its continued support and use of Harmon Field
